## MOVIE NIGHT RECAP

On March 26th, the Freshman Caucus hosted a Movie Night. This time, the caucus played Hamilton, with three hours of tear-jerking, hilarious, and questionable simping from our co-president Unique over King George of Great Britain. There was an attendance of about fifty or so freshmen all together, and the chat was exploding with overwhelming support for the event along with frantic typing of the song lyrics. As a caucus, we learned that events like these are very popular among the freshmen, but what we can work on is finding films that are shorter in length, as three hours is a long time for many.

## KARAOKE RECAP

The Freshman Caucus finally held its long-awaited Karaoke night! The evening premiered with a comical performance of "Let It Go" by our beloved Co-president Aleksey. Attendees showed their enthusiasm and excitement throughout the event by waving camera flashlights and positive comments in the chat. There was a diverse range of songs from Rebecca Ke's beautiful performance of "大鱼" to Ridwana Rahman's video recording of "A Whole New World". The momentous night ended with a duet from our co-Presidents Aleksey and Unique and a special performance prank from the Events Committee. We'd like to give a very warm thanks to the freshmen who showed so much support and respect that many were encouraged to join in during the open mic.

# DEPARTMENT UPDATES

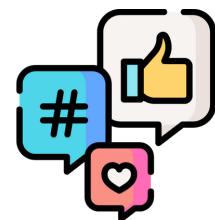

## Events:

After the success that is the Karaoke event - turns out people enjoy singing at Stuy - the events department has developed a feel of what the freshman body enjoys the most. The Spring Fever Art Competition concluded after the applications being open for over two weeks, and the winner will be selected SOON to walk away with a whopping 25 dollars. The members of the Freshman Caucus are hoping for more participants within our events, so make sure to check the section "Future Endeavors" to see which ones they're planning!

## Internal:

In the internal department, they hope to increase engagement with the social media posts of the Freshmen Caucus. They are hard at work at updating playlists for every occasion (no matter your mood, they have you covered better than your insurance). The Internal Department realizes the importance of communicating with the student body, and if you have any suggestions, you can contact them on Instagram, Facebook, or with emails.

## IT:

IT has finished updating and completing the Freshman Caucus website in accordance with the Caucus policies. There is not much currently happening, but they are currently planning minor projects, including a possible calendar. In order to keep the ideas flowing, they also have a [suggestion form](#) that people can use to suggest useful projects or resources for the IT department to add.

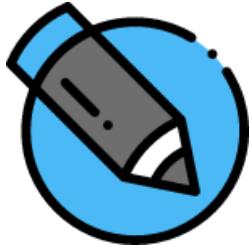

## External/Finance:

External has been working to keep creating bi-monthly speaker events in collaboration with Brooklyn tech. After the first event that went successfully (that you should have gone to), they are hoping to enhance the topics of discussion, and find more speakers to engage interest. They are planning to have about 6 more speakers attend, but that's just the beginning.

# FUTURE ENDEAVORS

Here are some important upcoming events, check the social media in the future to learn more:

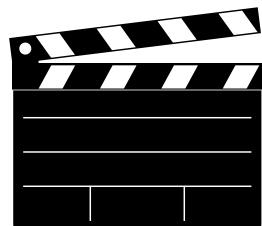

## Logo Competition

External Outreach is planning on having a logo competition between Stuyvesant and Brooklyn tech with a small prize at the end to put a label to their successful collaboration. The google form to submit will be sent out very soon!

## Marvel Movie Night

Events is planning a Marvel-themed Movie Night, so make sure to follow the Caucus on their social media to vote for which one you would like to see on polls on both Facebook and Instagram.

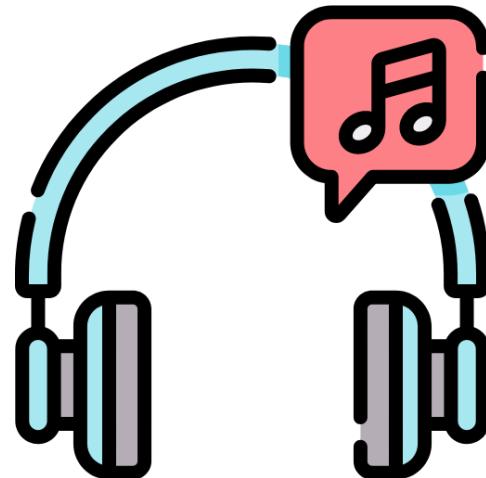

## Codenames Tournament

Events is currently planning a Codenames Tournament, which is a team based game for the freshmen to work together in a competitive environment. It's designed for four-eight players so that two teams can compete against each other by having a "spymaster" give one word clues to help their team find specific words on the board. Further details will be sent out soon!

Keep in mind that these events are subject to change and may be canceled or postponed. However, if this is the case, the FC will let you know, and new, entertaining events will be formed!
